Laminex[®]

Laminex[®] has been a prominent Australian manufacturer for over 85 years. Outgrowing their first tin shed in Melbourne, to now managing large-scale, sustainable manufacturing plants all over the nation.

Through innovation and a strong belief in Australian Made, Laminex[®] continues to invest in new technology to produce materials for local projects. Much like Burgtec, Laminex[®] recognises that the best way to support growth in Australia is through our own practice – investing in local manufacturing.

It's this pride for country and operating principles of innovation and sustainability, that have aligned us, working to bring the best solutions to the workplace design industry.

Burgtec applies Laminex[®] material to workstation worktops, tabletops, and office storage solutions. With an industry-first curated matching powdercoat palette for bespoke furniture configurations, together we are delivering premium, never-seen-before product at affordable prices.

As trends shift and projects evolve, our partnership will only strengthen, feeding the market new-edge designs in new-edge colour palettes and finishes.

People are the heart of every organisation. A well-designed workplace is one that welcomes, supports and elevates. It inspires people to bring their best self to work, everyday.

At Burgtec, we're genuine about partnerships. Bringing our expertise to the table, we listen with intent to understand the individual needs of our clients. We're proud to provide service as it should be, never taking our supplier, peer or client relationships for granted.

Since 1981, we've been local first. We design and manufacture our furniture here in Australia, using locally produced materials and suppliers at every step possible. We do this because it just makes sense – quicker lead times, true sustainability, better control of budgets and never needing to compromise on quality.

A Burgtec workplace balances practical needs with good design and ingenuity. It's a space that sits right, a place that nurtures relationships and potential.
