

PLUTO satisfies a demand for power and data connectivity in informal spaces in a way that no other module has done before. Perfectly suited to breakout areas, smaller meeting rooms, public spaces, or anywhere power is needed.

With three outlet positions, PLUTO is perfect for charging up to four devices at one time. PLUTO is available in gloss white with grey sockets or gloss black with black sockets.

PLUTO is supplied with a side-entry power cord with a three-pin plug. PLUTO has rubber feet for free-standing use. PLUTO makes sharing power a pleasure.

PLUTO POWER

Two Australia /
New Zealand GPOs

One TUF-R Replacable
USB Charger

Power (2GPOs) and (1TUF-R) USB fast charging module)

Insulation: QikFIT modules with reinforced insulation.

Testing: 100% testing – continuity, polarity, insulation & earth.

PLUTO comes with a three pin plug and 2 metre cable.

FEATURES

TUF-R (Upgrade / Replace) Anyone can upgrade or replace a damaged TUF-R module quickly using a simple tool, without the need to turn off the power or call an electrician. [CLICK to see how easy TUF-R is to replace](#)

The unique and patented benefits of being able to replace the module and not the whole product include saving time and resources and significantly reducing waste. TUF-R can be quickly replaced in less than five minutes.
